## ACHIEVEMENTS & WORK RESPONSIBILITIES:

- LEK's Flash Award 2025 for consistent work with accuracy & speed.
- LEK's Duct Tape Award 2022 for Procure to Pay process improvements.
- Star's Future Leader 2019 for configuring entities, conducting trainings and migrating data in SAP on 2 Mergers and 1 Acquisition.
- UiPath RPA Award 2019 and Star's Future Leader 2018 for Payables' accounting automation using SAP, UiPath RPA and Abbyy OCR.
- Star's FinChange Award 2017 for Indian GST implementation in SAP.

### Projects @LEK:

- Developed & Designed Operational dashboards like Expense Processing TAT, Weekly Bank Balances across offices etc. using Power BI.
- Mentor and Manager to a Data Analyst for 1 year to develop an Excel model for monthly computation and reporting of LEK's carbon emissions.
- Designed batch payment upload formats in SAP for global LEK offices which enhanced financial control and improved team productivity.
- Created a change control management system using various Microsoft Power Platform Apps which improved system control and collaboration.

### Projects @Star:

- Automated reconciliation of Digital Subscription revenue using RPA & SQL.
- Configured revenue recognition processes in SAP FICO and SD modules for multiple revenue streams of the Broadcast business.

### Business-As-Usuals in my latest work role:

- Collaborate with Finance leadership for project charter, plan and updates.
- Assess change requests for feasibility, savings and efficiency.
- Coordinate with global system users on SAP processes for reporting, testing, training and documentation.
- Guide team members on resolving Support Desk incidents within SLA.
